

ENVISION

Features of Intercultural Communication

The EnVISION Consortium is happy to announce that our first webinar will be available online at the following web address: <https://bbb.mooc-project.eu/b/env-xr5-4q4-hbp> . The webinar will be held using the Big Blue Button platform. You do not need to download any application, just click on the link to attend on the given date and time.

The webinar on Features of Intercultural Communication will be held on Thursday 19/11/20 11:30am -12:00pm and 16.00-16:30pm

Intercultural communication is the verbal and nonverbal interaction between people from different cultural backgrounds. It can be used to describe a single person trying to interact in a foreign environment or to describe that people from both cultures are trying to improve their communication.

This webinar is part of the Effective Social Integration Of mobile EU citizens (EnVISION) project that establishes the principle of a two-way process, with an aim to foster the successful inclusion and participation of mobile EU citizens and their family members in the host EU country's civic and political life and their participation in the democratic life of the EU.

Please also note that EnVISION consortium webinars may be audio or video recorded, photographed, published, and archived and that by registering, participants grant EnVISION consortium permission for use of images taken during the event. The EnVISION webinars recordings will be later used as material for the EnVISION Project. When attending the webinars you agree on the collection and on the processing of your personal data and on the publication of the audio and video recordings on the virtual learning environment of the project (<https://elearning.project-envision.eu/>), the EnVISION Project Website (<https://www.project-envision.eu/site/>) and the Envision's Youtube page(https://www.youtube.com/channel/UC10mScNc_5_cdE_qtTWEKNQ/?guided_help_flow=5). The information will be used only for operations related to the EnVISION Project and will not be used for any other reason. We will not use your information for profiling or for automated decision-making and we will retain your information for 5 years after the project's end (28 January 2021).
