To the Mayors of European Municipalities

Dear colleague,

In view of a revision of the National Strategy for Climate Change Adaptation, it is essential to inform local government authorities and solicit their input on addressing the challenges arising from climate change.

The Central Union of Municipalities of Greece invites you to a workshop held within the framework of the **“EU Week of Regions and Cities – Close to You”** initiative and the European project LIFE-IP AdaptInGR. The event, titled **“Climate Change Adaptation at the Local Level in Greece and Cyprus,”** will take place online on **October 21 from 11:00 a.m. to 1:00 p.m.**; the proceedings will be in Greek, with consecutive interpretation into English.

We aim to present proposals, initiatives, and best practices developed in Greece and Cyprus, and to inform local government authorities about the sector's proposals regarding the revision of the National Strategy for Climate Change Adaptation.

To facilitate your entry to the workshop, please register by completing the participation form at the following link:
